

Leadership Assessment Demographics Disclosure

Why do I have to disclose my personal information?

Thank you for participating in the Lead with Equity Leadership Assessment. Our Assessment analyzes leaders on behaviors and skills that promote inclusion and equity in the workplace. Our Assessment also includes a demographic questionnaire, which requires users to input their identifying gender, age, ethnicity, and race. Information relating to these categories will be kept confidential and will only be used by the Lead with Equity team to study trends and patterns in relation to leadership behaviors. Demographic information will not be sold or shared with third party affiliates. Demographic categories relating to age, race, ethnicity and job categories were taken from the United States Census Bureau.
